1. Introduction

This manual outlines the processes and procedures in the My Learning Application in PSC Client.

2. Recommended Browser

It is recommended that you use Google Chrome, Edge or Mozilla Firefox.

3. Terminology

- **Course** – A course is the top level of the course/class/session structure. One course can have many classes attached. A course contains overarching information pertaining to the course and all the classes within it. Every course needs at least one class. Learners cannot register in a course but will register for a class.
- **Class** – A class is the next level of the course/class/session structure. Classes are created from within a course. A class contain specific details for the learner for the class, such as date, time, cost, etc. Learners will register for classes.
- **Session** - Part of the class set-up, this allows for classes that are extended over multiple days to show the exact time, location, etc. for each day.
- **Course Code** – All courses are automatically assigned a system generated course code.
- **Resources** - Every course has the ability to attached resources to the supplement the training. This can be a variety types of resources, such as Word documents, PowerPoints and PDF's.
- **Inquiries** – These are the reports that can be run in the My Learning App and Inquiries portal.
- **Learning Paths** – Are a series of courses strung together for the purposes of completing learning as a series of courses and/or in a particular order.

4. Getting Started

1. Log into PSC Client using your username and password.
 - For assistance with logging into PSC Client, contact the Human Resource Service Centre.
2. The My Learning Application is on your PSC Client landing page.

- My Learning Application is used to register for Classes. All employees will have access to this Application.

5. My Learning Homepage

This is the main page for employees in the My Learning App. It is comprised of four main sections as outlined below.

5.1 Additional Options Menu

This section contains quick links to additional functionalities of PSC Client My Learning Application:

- **View All my Learning:** Displays a report of all learning data, including courses registered in, external courses, and completed courses.
- **View Training Catalogue:** Displays a report of all Courses in the PSC Client Learning Application, as well allows users to revisit Awarded training for review.
- **Register for External Training:** Provides a form to gain registration approval and tracking of courses taken outside of the Government of Saskatchewan’s learning offerings.

These sections will be outlined in greater detail in Section 8 of this manual.

5.2 Registered Training Display
